

Scientific Bulletin of the "POLITEHNICA" University of Timișoara, Romania
TRANSACTIONS on HYDROTECHNICS
Tom 56 (70), Fascicola 2, 2011
CONTENT

1	Lazar, I. Gh., Constantin, T.A., Nicoara S.V., Popescu-Busan, A.I., Ghițescu, M.A., Water Flow Analysis at Mintia Dam on Mures River in Case of Endowing the Retaining Structure With a Small Hydropower Station	3
2	Pricop, C., Blidaru, T.V., Kineros model implementation for the analysis of the representative watershed Ciurea – Tinoasa, Iasi County	11
3	Girbaciuc I.A., Girbaciuc C., Panfil C., Containerized water treatment plant for contaminated water and oil	15
4	Stăniloiu C., Borbely B., Murariu M., Small waste water treatment plants, technologies, operation and performances	19
5	Hetes D., David I., Badea C., Podoleanu C. E., Some Environment Aspects Regarding the Fly Ash Dump Monitoring	23
6	Girbaciuc I.A., Girbaciuc C., Bakos M., Criteria for stability in numerical methods	27
7	Panfil C., Mirel I., Girbaciuc I.A., Alternatives for collecting waste water from population centers located in low land areas	31
8	Gherman G., Man T.E., Gherman V.D., SWOT analysis of Sasca Montana commune	39
9	Rusu R.M., Evapotranspiration in urban water balance	43
10	Constantinescu, L., Grozav A., Rogobete Gh., Estimating water movement from salt movement	47
11	Rogobete Gh., Grozav A., Movement of water through the soil-plant-atmosphere system	51
12	Boboescu I. Z., Mirel I., Gherman V.D., Some considerations on fermentative biohydrogen production	55
13	Goloșie L., Rock's instability after mining activity	61
14	Nemes I., Constantinescu L., Climatic moisture deficit in the period 1998-2011 in climatic conditions of the Banat Plain	67
15	Maria Brebu F.M., Bălă A.C., Monitoring of special construction using 3D laser scanning	71
16	Butisca A. I., Rominu S. M., Bridge „King Carol I” at 116 years	75
17	Constantinescu, L., Nemeș I., Soils subsidence computation in “Banatului” plain drainage systems	79
18	Balaj I. C., Use of solar energy in the field of improved land, draining and irrigation systems	83
19	Zaharie M., Contributions to the determination of flooding levels using HEC-RAS program for the Mures River in Arad	87
20	Herbei M.V., Ular R., Dragomir L., Map overlay in G.I.S.	91
21	Herban S.I., Vilceanu C.B., 3D modeling using terrestrial Leica C 10 Scanstation	95
22	Sumalan, I., Considerations about the drawing of the open channels	99
