<i>Nicoară, T.I., Nicoara, S.V.</i> - Some aspects regarding the energy dissipation on the spillway overfall dam face.....	7
<i>Nicoară, T.I., Nicoară, Ș.V.</i> - The effect of the self aeration on the design of the energy dissipators with hydraulic jump .....	13
<i>Mănescu, M., Stan, I., Bărbulescu, S., Otea, M.</i> - Performances and deficiencies occurred in the applied solution operation for phreatic waters depolution on the oil refinery sites.....	17
<i>Ion, M., Lazăr, Gh., Șumalan, I.</i> - Major problem of the Danube Delta Ecosystem .....	24
<i>Mănescu, M., Stan, I., Bărbulescu, S., Otea, M.</i> - Special drainage systems for controlled depressioning of the phreatic water levels .....	29
<i>Stroie, L., Rogobete, Gh., Beutură, D., Fomitescu, G.</i> - The impact of the slag dump of Sînmihaiu-Utvin area (Timiș county) of the soils and waters .....	35
<i>Ion, M., Lazăr, Gh., Șumalan, I.</i> - The Danube River and Danube Delta – Past and present .....	43
<i>Mirel, I., Starkl, M., Stăniloiu, C., Gîrbaciu, I.A.</i> - Waste Waters Nutrients Value .....	49
<i>Mirel, I., Florescu, C., Podoleanu, C.E.</i> - Determinant Parameters in the Quick filtration Process by Multiple Layers ...	51
<i>Popescu, I., Popescu, A.</i> - Knowledge Management Tools for Qualitative Water Projects .....	55
<i>Guțiu, S., Beilicci, E., Achim, C., Barabas, K., Boncia, F.</i> - Erosion and Sedimentation Processes. The effects on the Water Quality on the Upstream Bega River .....	59
<i>Guțiu, S., Barabas, K., Beilicci, E., Achim, C.</i> - The effect of soil erosion processes on the environment quality. Case study: hydrographic basin Upstream Bega River .....	65
<i>Popa, Gh., Pavel, M.</i> - Rehabilitation methods of the production drilling wells .....	71
<i>Notarius, A., Dohi, T.Z.</i> - Estimation of the behavior during the time of the Calinesti Dam .....	75
<i>Gârdan, D., Maier, L., Tronac, B.</i> - Using geosynthetic products in water structures constructions .....	79
<i>Mărăcineanu, F., Nistreanu, M., Constantin, E., Semcu, A.</i> - Economic analyze of the technical solution used in river banks reinforcement .....	83
<i>Dobre, A.</i> - <i>Quality Concept: A Milestone towards the Design and Utilization of Systems</i> .....	90
<i>Popa, Gh., Constantin, A.T.</i> - Consideration regarding the water fall variation at an hydropower plant .....	93
<i>Popa, Gh., Olaru, G.</i> - The effect of the steel tension rod in the case of lock chambers with central temporary joint ...	97
<i>Popescu, A., Nicoară, Ș.V., Constantin, A.T.</i> - New methods of calculation in a drawing of coastal structures .....	103
<i>Ciomocos, F. D., Nicoară, Ș.V., Constantin, A.T.</i> - Study of stress and straining state on the lock chamber structure ....	109
<i>Lazăr, Gh., Nicoară, Ș.V.</i> - Numerical analysis of a system consisting in vibrating roller and compacted material .....	113
<i>Constantin, A.T., Muj, S.</i> - Using finite Elements Method for structural and comparative analysis of a weir sill .....	119

<i>Muj, S., Popa, Gh., Ion, M. - Consideration regarding accuracy results obtained by different approaches in Finite Elements Method for structural and comparative analysis of a weir sill .....</i>	<b>123</b>
<i>Constantin, E., Mărăcineanu, F., Semcu, A., Cazacu, C., Roșianu, F. - Promotion at the sustainable feature of the agriculture by land reclamation and improvement arrangements exploitation .....</i>	<b>131</b>
<i>Beutură, D., Rogobete, Gh., Bertici, R. - Water and soil quality in Seleus – Arad piscicultural arrangement.....</i>	<b>135</b>
<i>Grigorete, M.G. - Rainfall index standardization – an analysis Methods of dryness .....</i>	<b>145</b>
<i>Jura, C., Brata, S. - Considerations regarding the low tension electric networks optimization by analytical methods...</i>	<b>149</b>
