Greetings!

Dear Colleague,

A manuscript titled "Investigation of Groundwater Potential and Aquifer Protective Capacity of Part of Effurun, Delta State, Nigeria" was received by us for publication in the International Journal Geology and Mining. We will be highly grateful if you could find time to evaluate the manuscript and send your comments back to us as soon as possible. The manuscript, reviewers guide as well as the comment form is hereby attached.

If you need to make use of the instruction for authors, kindly find it through the link here:  
<http://premierpublishers.org/quick-links/guide-for-authors>

Your prompt action will be greatly appreciated by me as well as the authors who are very anxious to know the outcome of the review process. If you have any difficulty in refereeing this manuscript or you cannot find time to review the manuscript, please contact me as soon as possible, so that another referee can be appointed. Meanwhile, you can also register at our website to become a peer-reviewer. Please see a list of our journals:  
<http://premierpublishers.org/member-login?return=http://members/reviewer-journals>

Benefits:

- 20%-50% discounts will be granted for papers that you submit to us and papers which are recommended by you from your friends and colleagues.
- Improving your own scholarly writing ability
- Acquiring knowledge on the latest innovations in qualitative inquiry
- Reviewers' attestation will be forwarded to you upon request
- Reviewers' name will be included in the acknowledgement section of manuscript if accepted and published

On behalf of the Editorial Team of the International Journal Geology and Mining, I thank you very much in advance for your effort in this endeavor.
